"Grateful Results"
A life of suffering and misery, without sleep, without appetite. Restored to health by
Ayer's Sarsaparilla
"I was grievously afflicted with biliousness and liver complaint. My mouth was in a terrible condition every morning, my tongue thickly coated, my breath was offensive, food distressed me, I suffered much from headache, my skin was yellow, and the many remedies recommended me did no good. At last I commenced using Ayer's Sarsaparilla, and my improvement began almost from the first dose. It relieved the distress about my liver, caused my food to digest well, cured my headache, improved my complexion, and restored my appetite. These unlooked-for but grateful results were accomplished by only two and a half bottles of Ayer's Sarsaparilla."—Mrs. Lydia M. TARDON, Altoona, Pa.
There are many imitations Sarsaparillas. Be sure you get "AYER'S."
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

George Lycurgus of the Volcano House, is said to be preparing a Wonderful Christmas entertainment for the visitors to this resort this month. He will give those who desire it, lunch in the crater of Kilauea, so that they can go away to their mainland homes and say that they took Christmas dinner in the crater of a volcano. I can not say whether George will guarantee to cook the meal over the steam cracks but if there is a chance to make things agreeable, George will be there with the goods. Christmas eve will probably be passed by the crowd going down into the crater and waiting for Christmas to be heralded to them, amid the fire and glow that comes from the home of Pele. I think the proposition of having Christmas dinner in the crater is an excellent idea and one that would advertise the islands to a wide extent. It ought to be done whether it is Lycurgus' program or not.

SONOMA PROBABLY LATE.
No word of the departure of the S. S. Sonoma from San Francisco yesterday has been received, so it is thought that the vessel has been delayed in sailing for Honolulu and the Colonies. The failure of the British-Colonial mails to arrive at San Francisco on time is probably the cause. There has no doubt been heavy weather on the Atlantic as well as bad weather for trains crossing the American continent.

TOWN TALK

By The Man About Town.

I see that my friend Frank Harvey, has gone to Hilo for the first time since the seventies. I wonder if he will notice much change in the place since that time.

The passenger list of a Kaula steamer this week, tells of the arrival of Mr. Hee Duck. Mrs. Hee Duck did not accompany her husband, as her name does not appear among the list of arrivals.

George Lycurgus of the Volcano House, is said to be preparing a Wonderful Christmas entertainment for the visitors to this resort this month. He will give those who desire it, lunch in the crater of Kilauea, so that they can go away to their mainland homes and say that they took Christmas dinner in the crater of a volcano. I can not say whether George will guarantee to cook the meal over the steam cracks but if there is a chance to make things agreeable, George will be there with the goods. Christmas eve will probably be passed by the crowd going down into the crater and waiting for Christmas to be heralded to them, amid the fire and glow that comes from the home of Pele. I think the proposition of having Christmas dinner in the crater is an excellent idea and one that would advertise the islands to a wide extent. It ought to be done whether it is Lycurgus' program or not.

Promotion Man Wood is a hustler. He wants to arrange to have daily cable reports of the temperature of the ocean, sent to the mainland. If he were only to have the proof of the okolehoo cable too, it would bring a large crowd of old toppers into our midst looking for the fiery staff.

I see that they have been playing the Fatal Card at the Orpheum this week. I did not see the play or learn the plot but I suppose the fatal card is where a man draws one card to two pairs and hills, while the other fellow has fours.

I do not think the news that five thousand acres of Oahu lands are to be leased to Japanese who are to come here from their native land will do the islands any good in Washington. It is a daring defiance to the Administration, in view of many utterances, private and public, in which President Roosevelt has declared his objections to our preponderance of Asiatic population. Of course the big sugar men know more than I do about their business and how to run it, but a small, and I believe wise, bird whispers in my ear that there is danger ahead in the course of encouraging more Asiatics to come to these islands.

The sudden outburst of local kicks when men who are not American citizens led and controlled the discussion as to what should be done to help to secure the legislation we want from Congress was quite a surprise. It reminds me of a story of a White House interview in which it was shown that the President has a realizing sense of such conditions here, and does not at all approve of it. As the story goes, a delegation from Honolulu once called upon the President to ask his aid in a certain measure, one of which of course was the cheap labor proposition, which Hawaii has so long urged for so many years. "Gentlemen," the President is reported to have said when he had heard the case presented "how many of you are American citizens?" Americans were a minority of two. In that delegation and there was a silence that could be felt.

Speaking of gambling sentences, I am reminded of an unusually heavy one once imposed by Judge Gear, upon some clients of Lyle A. Dickey, at a time when the latter had just left the district bench. Dickey had made three months his estimate of what gamblers should serve, and imposed many sentences of three months on gamblers. A large crowd of Chinese whom he represented had the misfortune to be found guilty in Judge Gear's court. When counsel for defendant began to speak for his clients, Judge Gear saw an opening of the sort he dearly loved. He inquired of Dickey if it had been his custom as magistrate to impose three months' sentences in cases like the one at bar. Dickey was compelled to answer yes, whereupon Gear asked

SHOT HIMSELF THROUGH HEART
CHARLES H. RAMSAY FORMERLY OF HONOLULU, COMMITTED SUICIDE AT WAILUKU YESTERDAY.
Despondent through financial difficulties, Charles H. Ramsay a man well known in Honolulu, committed suicide at Wailuku yesterday, by shooting himself through the heart. News of the death of Ramsay was received yesterday afternoon in various wireless messages to the members of different fraternal lodges with which Ramsay had been affiliated.
Ramsay had threatened before to commit suicide. Twice on Maui he attempted his life but was prevented by friends. Once Ramsay wandered to the beach at Kahului and sought to drown himself but was prevented by P. C. Buzzell of the Singer Sewing Machine Company.
Ramsay had been losing his money and his grip for several years past. At one time he was interested in the Elite Ice Cream Parlors. Business fell off however and about a year ago, Ramsay was dropped from the establishment. He drifted about from one place to another first with the New England Bakery then with the Perfection Home Bakery and finally about three months ago, went to Maui in the employ of Buzzell, to sell sewing machines. Ramsay appears to have lost all ambition however and was drinking quite heavily during his Maui residence. He was a member of the Masons, Elks and Knights of Pythias. He was 37 years of age.
The news of the suicide of Ramsay caused quite a shock here yesterday as he was well known in Honolulu. He had been in good circumstances at one time and was well liked.
